

Professional standards and programs

Published: 14.08.2020.

Professional standards

According to regulations of Cabinet of Ministers, The Ministry of Education and Science and the National Centre for Education in co-operation with the Tripartite Cooperation sub-council of Vocational Education and Employment perform the following tasks:

- organise the development and expert-examination of draft professional standards and vocational standards, inviting representatives of sectoral ministries and professional organisations; and

- provide organisational and methodological support for the development of the draft professional standards and vocational standards.

Programs

Professional education programs are developed by educational institutes in coordination with its founder.

To provide development of curriculum in professional basic education, professional secondary education, professional training and professional development education in accordance with national standards, National Centre for Education is organizing development of samples for professional education programs and advising development of programs.
