DAY

WHAT CAN SCHOOLS DO DURING THE BSP'S WATER WEEK ?

1

SHARE YOUR "VALUING WATER" ARTWORK

Think what water means to you? What role does it have in your everyday life? What would you change? Take a photo or make a video about it & share it with us. How to take part? Read more [here!](#)

2

LEARN THROUGH WATER EXPERIMENTS

Download [this collection of sample experiments](#) for inspiration. You can also choose your own experiment. Record a video of you doing the experiment & share: <https://forms.gle/fAsEe881kXNxyEUq7>

3

WATER IDIOMS IN YOUR LANGUAGE

Find a water related idioms in your language, translate them in English, find a symbolic picture & share them in our Padlet. How? Read more [here!](#)

4

TAKE A CLOSE LOOK AT THE SNOWFLAKES

When water vapor turns straight into ice, a snowflake is formed. Watch [this video](#). Then go out & take a closer look at snowflakes - photograph them & share them with us. Read more [here!](#)

TOGETHER WE CAN DO ANYTHING!
