

## Appendix 4 to Chapter 3

Professional Further Education Programme 30T 552 01 1 “Energetics and Electrical Engineering”, professional qualification “Electrical Engineer”, professional qualification Level 3

### MODULE CARD

C	Understanding and expressions of language, and culture (Level 2)	Green competences	Work in live environment 5%	Driving construction devices of electrical network construction* 5%	*Driving tractors		
B	Understanding and expressions of language, and culture (Level 1)		Technical commissioning of external electrical networks 3%	Technical commissioning of internal electrical networks of buildings 3%	Setting up and commissioning of electrical machines and devices 3%	Training of electrical engineer 14%	
	Social and civic competences (Level 1 and Level 2)	Initiative and business (Level 1 and Level 2)	Construction of distribution appliances 4%	Organising electrical installation work 2%	Electrically technical documentation 2%	Selection of goods and services for electric installation work 2%	Training of electrical engineer 9%
	Security of community and person (Level 2)	Information and Communication Technologies (Level 2)	Electrical safety during technical commissioning and installation of electrical appliances 4%	Connecting electrical machines and devices 4%	Installation of power and lighting electrical networks 9%	Construction of electricity transmission lines 4%	Construction of electrical networks and organisation of work 6%
A	Security of community and person (Level 1)	Information and Communication Technologies (Level 1)	Work of electrical appliances assembly locksmith 4%	Auxiliary work of electrical appliances assembly 4%	Basics of electrical engineering and electrical measurements 14%		
			Basic processes of electrical engineering and types of work of electrical engineering 4%	*Pursuant to the requirements of the laws and regulations			

\*Pursuant to the requirements of the laws and regulations
